Forward-Looking Statements

This Current Report on Form 8-K includes “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. Forum and Tattooed Chef’s actual results may differ from their expectations, estimates and projections and consequently, you should not rely on these forward looking statements as predictions of future events. Words such as “expect,” “estimate,” “project,” “budget,” “forecast,” “anticipate,” “intend,” “plan,” “may,” “will,” “could,” “should,” “believes,” “predicts,” “potential,” “continue,” and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, Forum’s and Tattooed Chef’s expectations with respect to future performance and anticipated financial impacts of the Business Combination, the satisfaction of the closing conditions to the Business Combination and the timing of the completion of the Business Combination. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expected results. Most of these factors are outside Forum’s and Tattooed Chef’s control and are difficult to predict. Factors that may cause such differences include, but are not limited to: (1) the occurrence of any event, change or other circumstances that could give rise to the termination of the Merger Agreement or could otherwise cause the Business Combination to fail to close; (2) the outcome of any legal proceedings that may be instituted against Forum or Tattooed Chef following the announcement of the Merger Agreement and the Business Combination; (3) the inability to complete the Business Combination, including due to failure to obtain approval of the stockholders of Forum or other conditions to closing in the Merger Agreement; (4) the receipt of an unsolicited offer from another party for an alternative business transaction that could interfere with the Business Combination; (5) the inability to obtain the listing of the ordinary shares of the post-acquisition company on the Nasdaq Stock Market or any alternative national securities exchange following the Business Combination; (6) the risk that the announcement and consummation of the Business Combination disrupts current plans and operations; (7) the ability to recognize the anticipated benefits of the Business Combination, which may be affected by, among other things, competition, the ability of the combined company to grow and manage growth profitably and retain its key employees; (8) costs related to the Business Combination; (9) changes in applicable laws or regulations; (10) the possibility that Tattooed Chef may be adversely affected by other economic, business, and/or competitive factors; (11) the impact of COVID-19 on the combined company’s business; and (12) other risks and uncertainties indicated from time to time in the proxy statement filed relating to the Business Combination, including those under “Risk Factors” therein, and in Forum’s other filings with the SEC. Some of these risks and uncertainties may in the future be amplified by the COVID-19 outbreak and there may be additional risks that Forum considers immaterial or which are unknown. Forum cautions that the foregoing list of factors is not exclusive. Forum cautions readers not to place undue reliance upon any forward-looking statements, which speak only as of the date made. Forum does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions or circumstances on which any such statement is based.

Tattooed Chef Reports Second Quarter 2020 Financial Results*Record First Half Net Sales of \$67.9 Million**Expect to Achieve Adjusted EBITDA Target of \$17 Million for Fiscal 2020*

Paramount, California and Delray Beach, Florida—September 17, 2020 (GLOBE NEWSWIRE) – Ittella International - The Tattooed Chef brand, a plant-based food company with a broad portfolio of innovative products (“Tattooed Chef” or the “Company”), today announced financial results for the three and six months ended June 30, 2020. As previously announced, Tattooed Chef and Forum Merger II Corporation (Nasdaq: FMCI) (“Forum”), a special purpose acquisition company, have entered into a definitive agreement (the “Business Combination Agreement”) for a business combination that will introduce Tattooed Chef as a Nasdaq-listed public company.

Sam Galletti, President and CEO of Tattooed Chef said, “We are pleased with our record financial performance for the first half of 2020. Our first half net sales of \$67.9 million and Adjusted EBITDA of \$9 million for the first half 2020 positions us well to meet or exceed our full year Adjusted EBITDA expectation of \$17 million. Our traction in the marketplace and expanded distribution with tier-one customers demonstrate the power of the Tattooed Chef brand. We expect to continue to drive profitable top-line growth due to our increased distribution into new and existing retail customers and through our e-commerce platform.”

Sarah Galletti, Creative Director and “The Tattooed Chef”, added, “For the first time in our company’s history, the Tattooed Chef branded products comprise a greater percentage of our sales than private label. We expect this trend to accelerate with the launch of our new e-commerce platform in October. The Tattooed Chef brand is now, more than ever, being recognized as an innovative, disruptive food company with a long runway for continued growth in sales and profitability.”

David Boris, Co-CEO and CFO of Forum said, “Tattooed Chef’s second quarter results demonstrate its ability to successfully execute in a dynamic operating environment. During the quarter, the management team was further strengthened with the addition of two seasoned executives, Matt Williams as Chief Growth Officer and Chuck Cargile as Chief Financial Officer. We are excited about Tattooed Chef’s growth opportunity in the global plant-powered food market and remain confident in the team’s ability to create shareholder value.”

-

Financial Highlights for the Second Quarter of 2020 Compared to Second Quarter of 2019

- Net sales were a record \$34.8 million, a 113% increase compared to \$16.3 million in the prior year period;
- Gross profit was \$3.7 million, or 10.8% gross margin, compared to \$1.9 million, or 11.9% gross margin, in the prior year period;
- Net income attributable to common stockholders was \$0.9 million compared to a net loss of \$0.1 million in the prior year period; and
- Adjusted EBITDA was \$2.0 million, or 5.6% of net sales, compared to \$0.4 million, or 2.2% of net sales, in the prior year period.

First Six Months 2020 Results

Net sales of \$67.9 million for the six months ended June 30, 2020 increased 104% compared to \$33.3 million in the prior year period. The sales increase was primarily driven by significant growth in sales of Tattooed Chef branded products and a smaller increase in sales of private label products, expansion in the number of U.S. distribution points, increased volume at current customers of the existing portfolio of products and new product introductions including acai bowls, spring vegetable blends, buffalo cauliflower, and other value-added riced cauliflower meals.

Gross profit increased 143% to \$13.0 million compared to \$5.3 million in the prior year period. Gross margin in the six months ended June 30, 2020 improved to 19.1% from 16.0% in the six months ended June 30, 2019. The improvement in gross profit and gross margin was primarily due to raw material purchasing efficiencies and production efficiencies resulting from the increased sales.

Operating expenses of \$4.5 million for the six months ended June 30, 2020 increased \$1.2 million compared to \$3.2 million in the prior year period. As a percentage of net sales, operating expenses decreased to 6.6% for the first six months of 2020 compared to 9.7% in the prior year period. The increase in spending was due to increased sales and marketing expenses resulting from the focus on building the Tattooed Chef brand, offset by reduced travel and entertainment expenses due to COVID-19. The sales volume increase was attributable to greater penetration with existing customers, which allowed the company to manage the volume increase without a corresponding increase in operating expenses, leading to the lower expense as a percentage of sales in the current year period.

Adjusted EBITDA was \$9.0 million, or 13.2% as a percentage of net sales, for the first half of 2020, compared to \$2.4 million, or 7.2% as a percentage of net sales, in the prior year period. The increase in Adjusted EBITDA was a result of the increased net sales and gross profit in the current year period. Adjusted EBITDA is a non-GAAP financial measure defined under “Non-GAAP Measures”.

Second Quarter 2020 Results

Net sales of \$34.8 million for the three months ended June 30, 2020 increased 113% compared to \$16.3 million in the prior year period. The sales increase was primarily driven by significant growth in sales of Tattooed Chef branded products and a smaller increase in sales of private label products, expansion in the number of U.S. distribution points, increased volume at current customers of the existing portfolio of products and new product introductions.

Gross profit increased 92% to \$3.7 million compared to \$1.9 million in the prior year period. Gross margin in the three months ended June 30, 2020 was 10.8% compared to 11.9% in the three months ended June 30, 2019. The improvement in gross profit was due to the increase in net sales and the decline in gross margin was due primarily to the seasonal nature of agriculture production and the corresponding timing of manufacturing of crops in the Company's operations in Italy.

Operating expenses of \$2.1 million for the three months ended June 30, 2020 increased slightly compared to \$1.7 million in the prior year period. As a percentage of net sales, operating expenses decreased to 5.9% compared to 10.7% in the prior year period. The increase in spending was due to increased sales and marketing expenses resulting from the focus on building the Tattooed Chef brand, offset by reduced travel and entertainment expenses due to COVID-19. The sales volume increase was attributable to existing customers, which allowed the Company to manage the volume increase without a corresponding increase in operating expenses, leading to the lower expense as a percentage of sales in the current year period.

Adjusted EBITDA was \$2.0 million, or 5.6% as a percentage of net sales, for the second quarter of 2020, compared to \$0.4 million, or 2.2% as a percentage of net sales, in the prior year period. The increase in Adjusted EBITDA year-over-year was a result of the increased net sales and gross profit in the current year period. The lower Adjusted EBITDA for the second quarter of 2020, sequentially, compared to the first quarter of 2020 record level of \$7.0 million was due to the seasonal nature of agriculture production and the corresponding timing of manufacturing of crops in the Company's operations in Italy. Adjusted EBITDA is a non-GAAP financial measure defined under "Non-GAAP Measures".
